MANTON BAY NEST OCCUPANTS

BIRD	YEARS IN RESIDENCE	INFORMATION
08(97)	2007/2008	RETURNED AS A 2 YEAR OLD IN 1999. RAISED 2 CHICKS AT MANTON BAY IN 2007 WITH GREEN 5N(04) **2011 FEARED SHOT** BORN IN SCOTLAND IN 1997 HE WAS TRANSLOCATED TO RUTLAND WATER AS PART OF THE AMBITIOUS RELOCATION PROJECT. HE WAS THE FIRST OF THE RELEASED BIRDS TO RETURN TO RUTLAND WATER AND BECAME THE FIRST MALE OSPREY TO ESTABLISH A TERRITORY IN CENTRAL ENGLAND FOR 150 YEARS. CHOOSING MANTON BAY AS HIS PREFERRED SITE. HE RETURNED YEAR AFTER YEAR BUT FAILED TO ATTRACT A MATE. THEN IN THE SUMMER OF 2006 HE FINALLY PAIRED UP WITH 5N(04) AND THE FOLLOWING YEAR THEY SUCCESSFULLY REARED TWO CHICKS TO FLEDGING. AFTER AN UNSUCCESSFUL SEASON IN 2008 THE PAIR RELOCATED TO A PRIVATE SITE (SITE N) AWAY FROM THE RESERVE AND HAVE RAISED 4 CHICKS IN THE 2009 AND 2010 SEASONS. 08(97) WENT MISSING IN MAY 2011. Third missing Rutland osprey feared shot - BBC News
